Discover unique techniques all with your embroidery machine! When you're ho-ho-hoping for a unique machine embroidery experience, North Pole Tier Tray is your ticket to creativity!

Nov 15th

Reversible Table Runner

10am-4pm

\$45 Class fee and \$8.50 pattern plus cost of materials

This fun table runner is quick and will help you to use up orphaned batting to create an awesome but reversible masterpiece.

Nov 17th

KimberBell Chenille Hot Plates

10am-2pm

Holiday themed appliques are embroidered on a pieced and quilted background, then layers of fabric are tacked in place ready to chenille. Just trim in the channels and tuft with an emery board to finish. The frayed fabric makes the designs appear three dimensional. We love the unique way each hot pad is embellished, especially the quilting on Santa's beard and his fringed eyebrows too. All six designs come in four festive sizes for functional use or holiday kitchen décor.

Nov 19th
